

## Bookshare

Bookshare is an online library for people with dyslexia and reading difficulties. It provides books in formats like audio, large print, and highlighted text.

## Target Audience

-  **Youth workers:** educators, trainers, and facilitators in non-formal education or creative learning environments.
-  **Parents:** Founded by parents to support other families with children who have dyslexia or other learning difficulties.
-  **Social workers:** professionals working with diverse learners.
-  **Youth:** with SLD, Youth in general

## Benefits of this tool

-  Gives young people with reading difficulties equal access to educational and leisure books.
-  Encourages independent learning by offering adapted reading formats.

## Additional Considerations

-  **Multilingual support:** English, with some support in spanish
-  **Cost considerations:** Free for eligible students with certified reading barriers (especially in the U.S.).
-  **Technical requirements:** Accessible via web browser, Bookshare Reader app (iOS, Android, PC, Chromebook). Internet connection needed for browsing and streaming; offline download available.
-  **Adaptations for DYS-users:** Audio reading with text highlighting reduces cognitive load and supports students with dyslexia by making reading more interactive and less tiring.

## How to Use with Youth

- 1 **Create an account:** Register the student or youth on Bookshare (eligibility proof is required).
- 2 **Search the library:** Together, browse the catalog and select relevant books
- 3 **Choose a format:** Select the most suitable option depending on the youth's needs.
